1/22/24

Greetings HOTC Members,

Welcome to 2024! We are delighted that you have retained your HOTC week(s) along with over 130 HOTC Members. Thank you!

Here are the latest “updates” and info:

We have not received any progress report or updates from the developer. From our own experiences, we can only speculate that they are encountering the same issues with permitting, licensing, DNR etc., etc. It’s slow. It’s St. Croix. We wish them well and have our support.

On the sunnier side, the new beach chairs, umbrellas, etc. are a welcome addition. We are grateful to still be connected to our beloved Hotel On The Cay, aka Christiansted Harbor Resort Hotel & Marina. Soon come.

As of this writing, we still feel this is still the best deal on island and we hope you enjoy your trip “home” in 2024!

Re: Member contact info.-

Over the years, many of our members have developed close friendships with each other. (Some have even mixed families!) We have had numerous inquiries about posting our member contact list so that we can all keep in touch. If you would like this, or have any objections to having your contact info posted, please contact us via the contact info above and let us know either way. We value your input!

If there is any new news, we will surely post it on this website, so please check in often. Until then, have a great year. See you on the Cay!

Warm Regards,
Paul Huss, President
